The President appointed Messrs. W. H. Brown, Roberts, Hazlett, A. Moore, and Funk, the Committee on the part of Common Council.

Select Council informed Common Council that they had passed the following:

In Memoriam.

WILLIAM McMULLEN.

1875.

1879.

1901.

“The days of our years are three-score years and ten, and if by virtue of strength they be four-score years yet is that strength labor and sorrow, for it is soon cut off and we fly away.” These sacred words express well our thoughts of to-day when we are placing upon our journal a minute to the memory of our late member and friend, William McMullen, who for more than twenty-six years represented the Fourth Ward in these Councils, twenty-two years in this Chamber, and it is fitting that we place upon record our tribute to his memory and our remembrance of his charities and his affectionate and never-failing kindness.

Undisputed in his prominence in his section, and known to all the country, a veteran of the Mexican and Civil Wars, an active volunteer fireman, a leader of his people and an earnest, untiring, never-failing friend to them and to us.

He was an active and hard-working member of Councils, never missing a meeting of his committees or of the

Chamber, always ready to serve his friends, earnest in his opinion upon legislation, and his promise once given could not be broken; his word was his bond.

With the last few years came the breaking down of his health. With the death of his wife the final blow seemed to fall, and it has been pathetic to see him in his seat at the meetings trying to take his old place, always voting understandingly, but the eye was dulled, the activity and the vivacity of old were gone, and like the last leaf on the tree he dropped quietly into death. May he rest in peace and rise in the great hereafter to a glorious immortality.

RESOLUTIONS.

Resolved, by the Select and Common Councils of the City of Philadelphia, That we herewith tender to the family of the late William McMullen our deep sympathy in their loss, and our appreciation of his services and of his sturdy independence, his charity and his kind, good heart.

Resolved, That the Clerk of Select Council be directed to enter this minute upon a separate page of the Journal of Select Council, and that a copy properly engrossed and bound be presented to the family of our late member.

Common Council proceeded to the second reading of the resolutions.

The resolutions were again read, and agreed to.

So Common Council concurred.

The President in calling Common Council to order made the following remarks:

GENTLEMEN:—I have called you together to-night, in Special Session, for the purpose of placing upon our Journal a fitting resolution expressive of our great admiration for our martyred President, William McKinley, and of our deep grief at his cruel and untimely death.

One of the mighty has fallen, a man of peerless record, a man of strong, broad and practical intellect, a wise and safe leader, a man of progressive views and spotless reputation, an earnest and courageous spirit always fighting the battle for the better interests of humanity, a man willing to do right regardless of consequences. Such a one calls for our highest respect, our warmest sympathies and our noblest emulations.

He was in earnest. He looked up to heaven for strength and guidance. With him character and genius walked hand in hand. But the genius of McKinley differed from the world's ordinary genius. It was no great abnormal development of one peculiar quality but the round full growth of a perfect man. His was a life devoted to his country, unbattled by a world's reproach, unsullied by a world's deceit. In him is seen a man of character. One of those lofty and distinguished characters who rise from time to time against the horizon of history, typifying the matchless grandeur of American citizenship.

Such characters give strength and stability to our nation. Such characters tend to quicken the pulse of patriotism and keep alive and glowing the love of liberty. His character will shine forever, its luster undimmed by time. His name will grow more brilliant with the coming years. He will become a fixed luminary in the firmament of events,

and his deeds will ever live and incite the youth of our land to high souled acts.

During his whole public life he rose equal to all occasions and boldly and successfully met every emergency. *Great* and *grand* in the actions of his life, he was *sublime* in the incidents of his death. His faith gained a clearer, broader vision, his hope expanded into assurance, his courage grew invincible, his gentleness put on the might of heroism, his eye beheld the glory of God and kindled into rapture.

The peace of God which passeth all understanding filled his mind and heart. Oh! how happy he was when he said "It is God's way. His will, not ours, be done." All the honors of the earth were too poor to purchase for him a joy comparable to that he then knew.

What more need I say? He is gone from us and the wail of a nation's grief goes up bitterly. The assassin's bullet could destroy his mortal frame, but not his generous, heroic spirit, that spirit which now before the throne has heard the welcome from the lips of his Lord, "Well done thou good and faithful servant."

His death has stirred the world's heart and touched and moved the nation; and welded closer the bonds of sympathy and love. He could leave no richer legacy to his native land.

The Secretary to the Mayor was introduced when he presented the following message:

OFFICE OF THE MAYOR.

Philadelphia, September 14, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The death of the President of the United States at the hands of an assassin, has startled the civilized world. The shock has been especially felt by the citizens of Philadelphia, where Mr. McKinley was fond of visiting, and whose residents held him in such affection and honor.

It is therefore meet that your Honorable Bodies should convene and take such action as you may deem wise under the circumstances, to express your sense of national loss and horror at a crime, which has not only taken away a wise and beloved Chief Magistrate, but has plunged our whole people in sorrow.

I have already ordered that all of the public buildings shall be draped, and flags half masted for a period of thirty days, and have requested all citizens to display emblems of mourning on their houses and places of business. I have also telegraphed the Secretary to the late President and to Postmaster-General Charles Emory Smith, asking that the people of Philadelphia be given an opportunity to pay their respects at the bier of the President in Independence Hall, where thirty-six years ago, the body of our first martyred President, Abraham Lincoln, lay in state.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

Select Council informed Common Council that they had passed resolutions entitled

RESOLUTIONS

Upon the death of William McKinley, President of the United States.

WHEREAS, For the third time in our history the chosen ruler of our country has been stricken down by the hand of an assassin, when in the fullness of health, without warning, while in peaceful association with his fellow citizens, at the very time when by his wise statesmanship and high personal character he had endeared himself to the American people and earned the respect and admiration of the world;

AND WHEREAS, The citizens of Philadelphia, through their municipal authorities, desire to express their profound sorrow at the death of the man they loved and honored; therefore be it

Resolved, By the Select and Common Councils of the City of Philadelphia, That in the death of William McKinley, President of the United States, the American people have lost the services of the foremost statesman of his time, the courageous soldier, the patriotic citizen, the unblemished public official, the wise and conservative ruler, who embodied in himself the highest type of American citizenship, and under whose wise policy and brilliant leadership the nation has advanced in prosperity and honor to its distinguished position among the nations of the earth.

Resolved, That in pursuance of the wishes of the citizens of Philadelphia the National authorities be requested to permit the remains of the deceased President to lie in state in Independence Hall, and that the use of the same is hereby tendered for said purpose.

Resolved, That the Clerks of Councils be directed to drape in mourning the Council Chambers, and that His Honor, the Mayor, be requested to direct the tolling of the bell upon Independence Hall on the day of the funeral.

Resolved, That a Joint Special Committee of seven members from each Chamber be appointed to act in conjunction with the Mayor in conferring with the National authorities, and to make all arrangements necessary for the proper representation of the City of Philadelphia at the funeral.

Also, that they had appointed Messrs. Patton, Crow, Clay, Nolan, Sunderland, Edwards and Bringham as the Committee on the part of Select Council."

Common Council proceeded to second reading of the resolutions.

The resolutions were again read.

The question being on agreeing to the resolutions,

Mr. W. H. Brown, made the following remarks:

MR. PRESIDENT AND GENTLEMEN:—On this most solemn and impressive occasion it is hard to find fitting words to

express our feelings. Secretary Gage, on being asked to give to the world some great point in the character of our late President, replied that "it seemed like mockery to attempt to eulogize William McKinley," and so I feel tonight, that any attempt at eulogy on our part would be but mockery. It needs no words of ours to bring before the people of this city, or each other, his great executive ability, his high character and loving devotion. The people throughout this broad land are familiar with it. One great characteristic of his life which appeals to every man and woman in the land was his tender devotion to his invalid wife, an example which, no doubt, will bring forth response in the hearts and lives of many men by the prominence given this great characteristic by his sad and untimely death. His belief in God and his entire trust in Him when the time came for his passing away was one of the grandest and most sublime evidences of Christianity that the world has ever seen.

His services to his country during the War of the Rebellion, his long services in the halls of legislation of this country, his wise statesmanship and administration of the office of President, entitle him to stand pre-eminent in the history of our country amongst that galaxy of statesmen whose lives have made their impress upon our national life. William McKinley, beloved by a nation of seventy million of people has passed away. Let us take a lesson home from his life.

Mr. DeHaven made the following remarks:

MR. PRESIDENT:—The world will little know, nor long remember, the deeds of many of its great men, but it will linger long beside the bier of him in whose hallowed memory we have this night gathered.

William McKinley is forever gone, so far as human life is reckoned, but what he did, his name and reputation will ever furnish for the future historian a theme for admiration and study. Like all men, he had his faults, and there never has been one on this terrestrial globe, perfect in every way in all the walks of life. His example in public

and private life is worthy of emulation; and those of us to-night who gather here in his memory can take pattern by his acts, knowing that his human faults were as near a minimum as it is possible for man's to be.

Whether we consider him as a statesman, politician (in its larger sense), or husband, we find in his life a guiding star. As a statesman, his name must even outrank Webster's, Jefferson's, Marey's and Seward's. As a politician, his reputation will outrank Alexander Hamilton, the two Adams, and the lamented Blaine; and as a husband there is no name with which a worthy comparison can be made. His fervent devotion to his loving wife has challenged the admiration of mankind and woman. What he did was unostentatious, and his devoted love for the first of woman-kind in our land to-day was worthy of the love of Abelarde to Héloïse, which is a favorite theme of writers on this fireside subject.

I can now recall the beautiful simile of the Great Commoner, Gladstone, when he stated, that, if he were awakened from a dream, and his eyes should look with sudden glances down the channel of time, and behold the towering monuments of the world which had been erected to the various great men in the ages past, and one towering above all the rest, he would unhesitatingly state that it was that of the Immortal Washington. Cannot we, my friends, in this hour of our bereavement, believe that if it should be our fortune,

"To lie down to pleasant dreams,
And draw the drapery of our couch around us."

and then, like Gladstone, at no distant day, awaken, and behold, as he did, the towering monuments to the statesmen of the past, and there find two of almost equal height, and asked to name them, would we hesitate to say that the one on the right would be that of the Immortal Washington, and that upon the left, the lamented McKinley, and exclaim with pride, that in all the History of the World none can stand higher or worthier than those two fitting

emblems of our love and devotion of not only the present, but for those ages yet unborn.

In the great Book of Life must ultimately be made the entries of our work, showing our debits and credits. Whose will be clearer and better than our departed friend President McKinley's? On the debit side will be shown as small a sum of imperfections as is allowed to mortal man; while on the credit side must be entered the triumphs of diplomacy; freeing of an enslaved people; bettering of our working men by protecting their interests at home; a pure and honest monetary system, good everywhere; expansion of the good forms of our government to the down-trodden races of the old world; confidence of the human race in the rectitude of all his purposes; a noble and virtuous domestic life and a reputation that remains after forty years of active public life, unspotted and above reproach. Surely these entries must show to us and to our posterity a life that has been rounded out in such a way as calls not only for our emulation but our exalted praise as well.

Poets have ever found the theme of mourning one upon which to dwell, and read where're we may, we find something that touches the responsive chord of sympathy, bringing to the furrowed cheeks the tears of an aching heart. Personally, those which have ever strongly appealed to me have been those lines which stated:

“Vale!” We cry,

Later has smitten us with mortal pain,

Rung out the death-knell of our dear hopes,

And stirred the lips of those whose earthly voices

Shall be heard never again.

Thus does it wake sad recollections,

Parting thoughts that grieve.

We know the cruel wounds some farewells make,

And learn to dread the nothing, the break that parting must leave.

Ah! We too must soon bid this brief estate,

But for that heritage which shall be won,

When the tried soul with life itself hath done;

And, so trusting, you and I, and all must wait.”

It is for these reasons, most worthy President, that I rise, unbidden in my place, fervently, but sorrowfully and with an aching heart, to second the resolutions just read as a fitting tribute of an occasion that must prove memorable for all time to come."

Mr. McAllister made the following remarks:

MR. PRESIDENT: My colleagues who have preceded me have uttered so well what little can be said upon such short and sudden notice, that I feel a reluctance in adding thereto.

There is, however, a lesson inculcated in this humanly incomprehensible dispensation, and we should not fail personally to apply it.

The spectacle of a nation like ours, with upwards of seventy-five million people loyally submitting to government, in what is perhaps the most aggravating and painful hour of its existence, calls forth to-night from every civilized nation of the globe the greatest admiration, approbation and applause, and proves anew the truth of those prophetic words of our first martyred ruler, that "Government *of* the people, *by* the people and *for* the people shall not perish from the earth, and recalls to us that memorable exclamation of our second martyred President, "God reigns and the Government at Washington still lives."

What remains to be said concerning the awful, and God knows, utterly causeless taking off of our sweet-tempered, firm and judicious Chief Magistrate?

The flood of indignation and wrath that rolls over us is enough almost to cause us to wreak summary vengeance upon the insufferable "*thing*" that fired the death-dealing bullet; but the lesson has been learned and a patient, loyal people, over the grave of the one whose whole life was a benediction, wait with subdued and dignified submission to law for the legal condemnation and swift execution of his slayer.

Let us then continue to remain, at all times and under all circumstances, loyal subjects of the benign government which under God we are blest in acknowledging as the noblest model for all other nations and governments, and

whose liberties we so largely enjoy, and let us so live that each when called, whether suddenly or otherwise, may have lived such a life and be as well prepared for the summons as was our lamented McKinley.

Mr. Armstrong made the following remarks:

MR. PRESIDENT:—It was not my purpose when responding to your call for this meeting to have anything to say, but feeling as I do, I am constrained to add my tribute to the memory of the one whom we all so much loved. Twice before, it was my privilege to speak of, and for Mr. McKinley, the first at midnight in the desert, standing in front of the sphinx. I had an Arab climb up, and standing on the head of the sphinx, light a torch and cheer for the United States and its most worthy President.

Peculiarly fitting the deed and the occasion, standing before this memorial of the oldest civilization known to man, where science and many of the arts were known before history, as we know it was, and facing the ancient Memphis, home of the old Pharaohs, that we should toast our own country, representing all the best of the newest civilization, and the ideal American gentleman, in whose honor we are gathered to-night.

Again at the North Cape, on July 4, 1898, after witnessing the Midnight Sun in all its splendor, we had a celebration, and I was asked to respond to my own choice of toasts fitting the day, selecting "Wm. McKinley, our honored President."

To me, our President's life is full of many lessons, and I am sure we will hereafter, as a country and individually, strive for higher ideals in politics, to bring forth as in his life "the flower of undivided love in the home" and to live a life of obedience to the Divine Will.

He measured up in full to the stature of an American Leader, Statesman and President.

"We want no kings, but kings of toil,
No crowns but crowns of deeds,
Not royal birth, but sterling worth,

Must mark the man who leads."

Mr. J. F. Henderson made the following remarks:

MR. PRESIDENT:—I do not know that I can add anything to that which already has been so eloquently rendered by those who have preceded me, and I am quite sure that it was not my intention to make the endeavor.

But the somber spirit of this gathering prompts me to offer my modest tribute to the memory of this truly lovable man.

The President is dead.

He needs no eulogy. The real eulogy of the dead is not in words nor scrolls of gold, but in the silent and universal sorrow of our people.

As one traverses the city's streets mark the patriotic, spontaneous and universal display of bunting all draped in mourning. Mark the silent, thoughtful demeanor of our citizens; the somber aspect of this gathering, every heart in common sorrow throbbing.

These exercises would be just as appropriate in character if instead of set phrase and fulsome speech we simply bowed our heads in silence.

What abundant and boundless manifestations of poignant grief and sorrow pervades the atmosphere.

Now might I say:

"Go, good citizens, assemble to the river's banks
And weep your tears into the channel,
'Till the lowest stream do kiss
The most exalted shores of all."

From all quarters of the universe have telegrams of condolence and sympathy poured; from every country and every form of civilization. No wonder. Our nation is crushed in the face of this terrible calamity. We all love those who are near and dear to us, but could any calamity more heartrending have befallen any of those we worship, than to experience this terrible misfortune. To-night the taking away of any of these could inflict on me no keener sorrow, no profounder grief.

Now only one voice is heard—a groan of sorrow throughout the whole land. Now do we know how we loved him:

now do we note how universally admired was the strong, gentle, pure and tender patriot. Now can we appreciate the charm of that personal magnetism in him, so developed as not only to command admiration and respect, but by force of purity and nobility of character to transform at once enmity into friendship.

I shall not take your time to detail the career of this great man; his early struggles for education, a private enlisted at his country's call to arms; his promotion for bravery to higher offices. Then his civic, none less brilliant than his military career; passing rapidly from the office of District Attorney of his county to the Halls of Congress, to the Governorship of his State, and finally the recipient of the highest honors at the hands of his fellow citizens for whom he manifested such love and tenderness.

Had President McKinley died in battle in one of those brilliant charges which procured for him his advancement, we would have been confronted with no more courageous spectacle than this his taking off. He died as he lived, grandly.

President McKinley has long been noted for the peculiar and potent power of epigrammatic expression. His sentences will live long after we have perished, and the public prints now teeming with a wealth of them render it unnecessary to recall them to your recollection.

But amongst all his formal rhetorical deliverances none will be cherished more than those simple utterances heard at the closing of his life.

Mark the first expression after the fatal shot. "Cortel-you, my wife, be careful; do not let her know."

What tenderness, what solicitude for that gentle creature to whom we now dedicate these resolutions.

Surely with him:

"Love was not love,
Which alters when it alteration finds,
Or bends with the remover to remove:
Oh, no! it is an ever fixed mark,
That looks on tempests, and is never shaken;
It is the star to every wandering bark,
Whose worth's unknown, although his height be taken."

Then, when the foul miscreant lay on the ground about to be torn into shreds by an angry and infuriated crowd, hark the words as he gasped:

"Don't let them hurt that boy."

Ah! the generous mercy in his nature.
What a tender heart had this dead President.
Surely could we say in him:

"The quality of mercy was not strain'd,
It droppeth as the gentle rain from heaven
Upon the place beneath; it is twice bless'd,
It blesseth him that gives, and him that takes!
'Tis mightiest in the mightiest.
It is an attribute to God himself."

Ah! 'Tis hard for us to feel any mercy for this wretched, base creature who destroyed one of God's noblest creations, when all over our vast country are men of character and nobility who would have given up gladly their lives to save our noble President. Why was the foul deed done? Where the cause? A deed so cowardly that one cannot contemplate without horror.

Who had he harmed?
Besides this President

"Had borne his faculties so meek, had been
So clear in his great office, that his virtues
Will plead, like angels trumpet-tongued, against
The deep damnation of his taking-off;
And pity, like a naked new-born babe,
Striding the blast, or heaven's cherubim, hors'd
Upon the sightless couriers of the air,
Shall blow the horrid deed in every eye,
That tears shall drown the wind."

Then who is not thrilled by the exquisite pathos of his final words:

"Good-bye, all; good-bye. It is God's way. His will, not ours, be done."

APPENDIX No. 7.

OFFICE OF THE MAYOR.

Philadelphia, April 2, 1901.

To the President and Members
of Common Council, City of Philadelphia.

DEAR SIRs:—I forward herewith for your careful consideration, a communication from various business and trade organizations which are interested in the success of Philadelphia's exhibit at the proposed South Carolina Inter-State and West Indian Exposition, which will open in Charleston, South Carolina, December 1st of this year, and continue to June 1, 1902. I am convinced that the subject is worthy of the most careful attention of those to whom the varied interests of Philadelphia have been entrusted by its people.

Prior to 1861 Philadelphia enjoyed a greater measure of business with the Southern States than any other Northern city. It had more Southern business than both New York and Baltimore combined. The forthcoming Exposition will furnish means whereby the relations which this City formerly maintained with the South may be re-established, and business interests extended for the mutual welfare of the City and the Southern States. Philadelphia,

by reason of its position, both in point of distance from the South, and as a centre of manufacturing, commercial and maritime interests, should have more business with the Southern States than any of the Atlantic seaboard cities.

I forward herewith the draft of an ordinance under which an appropriation of thirty-five thousand dollars could be made for this purpose, and to be expended under the direction of a committee to be named by your Honorable Body in connection with Select Council.

Owing to the short time which will elapse before the Exposition is started, I would suggest prompt consideration, and would also suggest that the committees of the various commercial organizations interested might be notified to appear on behalf of this proposal.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

THE TRADES LEAGUE OF PHILADELPHIA.

Philadelphia, March 13, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of the City of Philadelphia.

DEAR SIR:—There will be held in the City of Charleston, S. C., from December 1, 1901, to June 1, 1902, the South Carolina Inter-State and West Indian Exposition, for the purpose of showing the marvelous developments of the South.

At the said Exposition many of our cities in the North, as well as the States, will be represented in the Avenue of Cities and States, and it would appear proper and feasible to have the City of Philadelphia represented at the said Exposition.

The scope of the Exposition will be broad, and while it has been designed primarily to tell the world the story of the great revolution in commercial conditions, which has

taken place in the South during the last quarter of the nineteenth century, it is also designed to bring the interests of the North in closer contact with their people.

Many of our sister cities will be represented in the Avenue of Fame, and we would request your co-operation in securing an appropriation from Councils for the purpose of having Philadelphia properly represented at the said Exposition, believing that by so doing great benefits will accrue to our city from a commercial standpoint. Knowing the interest you have taken in all matters pertaining to the commercial welfare of the city, we feel assured that every effort will be made by you to secure an appropriation sufficiently large to have the City of Philadelphia stand out in bold relief, as compared with other cities of the North.

The following business and trade organizations are interested in the success of Philadelphia's exhibit at the proposed Exposition:

Manufacturers' Club,
Trades League,
Lumbermen's Exchange,
Maritime Exchange,
Drug Exchange,
Oil Trade,
Philadelphia Bourse,
Board of Trade,
Commercial Museums,
National Association of Manufacturers,
Paint Club,
Grocers' and Importers' Exchange,
Hardware Merchants' and Manufacturers' Association,
Builders' Exchange.

Yours truly,

WILLIAM N. SUPPLEE,
Chairman.

APPENDIX No. 8.

OFFICE OF THE MAYOR.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, “An Ordinance to authorize the City Solicitor to take title to a lot of ground with the buildings thereon, on Old York road, in the Twenty-second Ward of the City of Philadelphia, for fire purposes.”

I disapprove of the ordinance because it does not specify the amount to be paid for the said lot, nor does it indicate the item in any appropriation bill from which the amount is to be paid.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

(Common Pleas No. 2.)

In the matter of the opening of Catharine street, from Fifty-eighth street to Sixtieth street, in the Twenty-seventh Ward of the City of Philadelphia, pursuant to Ordinance of April 1st. 1899.

(Copy.)

REPORT OF VIEWERS.

Filed March 30, 1901.

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of Catharine street, from Fifty-eighth street to Sixtieth street, in the Twenty-seventh Ward of the City of Philadelphia, respectfully report.

That pursuant to due notice the viewers met for organization on October 10, 1900, at 3 P. M., in Room No. 571, City Hall, Philadelphia. At this meeting the following viewers were present: J. Redman Coxe, Charles D. Supplee, R. Meade Bache, Joseph A. Whitaker and David N. Fell, Jr. The other viewer appointed, viz.: William Linn, did not qualify nor attend any meetings of the jury.

At this meeting the undersigned viewers were severally sworn or affirmed on their *voir dire* and examined touch-

ing their capacity to serve as road jurors or viewers in this proceeding. Each viewer was found to be disinterested, competent and in all respects duly qualified to serve, after which they were duly sworn or affirmed by one of their number to perform their duties as road jurors or viewers in the matter of the opening of Catharine street, from Fifty-eighth street to Sixtieth street, in the Twenty-seventh Ward of the City of Philadelphia, faithfully, justly and impartially and according to the best of their judgment. The jury then organized by electing J. Redman Coxe foreman and Joseph A. Whitaker secretary. The petition was read to the jury and the official plan produced, a blueprint of which said plan is filed with this report, the original being filed with the records in the matter of the opening of Webster street, from Fifty-fifth to Fifty-eighth street. The affidavit of service of notice on property owners is filed of record in your Honorable Court.

That the jury afterwards met, by due adjournment, on October 13, 1900, at 3. P. M., on the premises and viewed the same. All of the undersigned viewers attended the said view.

That the viewers subsequently met by due and proper adjournments on October 19, 1900, February 5, March 1, 5, 12, 14, 19, 20, 21, 22, 23, 25 and 26, 1901, for the purpose of hearing testimony and arguments of counsel, for re-view, consultation and signing this report.

That at some or all of the said meetings the viewers were attended by Samuel F. Clevenger, Esq., of counsel for William W. Frazier, and Alfred C. Harrison, Sellers Hoffman Estate and Benjamin R. Hoffman; Edward Brooks, Jr., Esq., for the Philadelphia Trust, Safe Deposit and Insurance Company, trustees under will of William A. Porter, deceased. John H. Maurer, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades to which the said Catharine street, from Fifty-eighth street to Sixtieth street is to be physically opened and graded, and

considering as well the advantages and disadvantages to the properties along the lines of said Catharine street, from Fifty-eighth street to Sixtieth street, and acting on their best judgment, they do find that the following property owners are damaged to the amount set opposite their respective names, and award said sums respectively as damages caused by the aforesaid opening and grading of said Catharine street:

| | |
|--|------------|
| William W. Frazier and Alfred C. Harrison | \$1,450 00 |
| Jacob Hoffman and Sellers Hoffman, Executors and Trustees of the Estate of Sellers Hoffman, deceased, in trust for Agnes and Jesse Hoffman, marked on plan "Sellers Hoffman Estate"..... | 3,450 00 |
| Benjamin R. Hoffman, marked on plan "Sellers Hoffman Est. by will" | 1,130 00 |
| The Philadelphia Trust, Safe Deposit and Insurance Company, Trustees under will of William A. Porter, deceased | 90 00 |

The jury have considered the question of benefits and find that no property is specially benefited, and report that all of the damages awarded should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 15.

OFFICE OF THE MAYOR.

Philadelphia, April 18, 1901.

To the President and Members of Common Council.

GENTLEMEN :—I have the honor to transmit herewith a memorial from the various business associations of the City of Philadelphia, represented in the Joint Executive Committee on the improvement of the Philadelphia Harbor, both of the Delaware and Schuylkill Rivers, asking for an appropriation of \$500,000 to be expended by the City for this purpose.

In both of the annual messages that I have had the honor to forward to your Honorable Bodies, I have dwelt upon the importance to the maritime and commercial interests of the City, of the improvement of the harbor, and it is to be regretted that our Senators and Congressmen from the State of Pennsylvania were unable to secure an additional appropriation for this highly important purpose.

In submitting this memorial, I would urge the advisability of setting aside the appropriation asked for and that the most prompt consideration be given to this matter, affecting as it does, so many important lines of municipal development.

Respectfully,
SAMUEL H. ASHBRIDGE,
Mayor.

JOINT EXECUTIVE COMMITTEE ON THE IMPROVEMENT OF THE
HARBOR OF PHILADELPHIA AND THE DELAWARE AND
SCHUYLKILL RIVERS.

Philadelphia, April 16, 1901.

To the Honorable the Select and Common
Councils of the City of Philadelphia.

GENTLEMEN :—This memorial of the undersigned Business Associations of Philadelphia, represented by the Joint

Executive Committee on the Improvement of the Harbor of Philadelphia and the Delaware and Schuylkill Rivers, respectfully represents:

That the Commercial and Maritime welfare of Philadelphia is dependent upon the speedy improvement of the channels of the Delaware and Schuylkill Rivers.

That the development of cheap ocean freight carriers has so increased the size and draft of modern vessels as to threaten the prosperity of Philadelphia as a seaport; for the reason that the present depth of water in the Delaware and Schuylkill Rivers will not expeditiously and safely accommodate vessels of the size necessary to successfully compete with the natural and secured advantages of the other ports of the Atlantic Coast, in the rivalry for commercial existence and success.

That the Mayor of the City in his second annual message to your Honorable Bodies most truthfully and forcefully calls attention to the necessity of continuing the work upon the improvement of the Delaware and Schuylkill Rivers in the following language:

“It is to be regretted that the efforts of our Congressmen and Senators failed in securing an additional appropriation for the deepening of the Delaware and Schuylkill River channels. The importance of further deepening the rivers is too well known to need argument here, but I would urge upon your Honorable Bodies the necessity for continued work along this line so that the next Congress may pass a supplemental appropriation for this purpose to the money heretofore appropriated and which has not yet entirely been exhausted. This is very essential to the progress and prosperity of the maritime and commercial interests of our City.”

That no stronger argument in favor of City aid for the work of improvement in the navigation of our rivers can be advanced than that of the Mayor, and the undersigned heartily endorse the language and spirit of his message; therefore,

OFFICE OF THE MAYOR.

Philadelphia, April 18, 1901.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN :—I have the honor to transmit herewith a request from the Director of the Department of Public Works, for an additional appropriation of \$12,400 for repairs and equipments for City Ice Boats, and for dredging the dock at the House of Correction.

The heavy ice in the Delaware River, during the past winter, required continuous and unusual service from the Ice Boats, and resulted in very great wear and tear.

The amount of money appropriated for repairs and equipments and now available is entirely inadequate to do the necessary work.

Very truly yours,

SAMUEL H. ASHBIDGE,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 16, 1901.

HON. SAMUEL H. ASHBIDGE,

I, therefore, have the honor to request that you ask Councils to make appropriations to this Department (City Ice Boats), as follows:

APPENDIX No. 18.

OFFICE OF THE MAYOR.

Philadelphia, April 18, 1901.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a draft of an ordinance for the purpose of opening Oak lane to the full width of sixty (60) feet, between Seventh street and Tenth street.

Councils by ordinance of December 12, 1900, authorized the reconstruction of the Oak lane bridge at this point over the North Penn Railroad. At the present time, however, the thoroughfare is opened to a width of about thirty-three (33) feet, and it is advisable that the bridge should be constructed to cover almost the entire width of the street.

I would therefore ask your speedy consideration of the accompanying ordinance.

Very truly yours,

SAMUEL H. ASHBRIDGE,
Mayor.

AN ORDINANCE

To authorize the opening of Oak lane to the full width of sixty (60) feet between Seventh street and Tenth street.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the widening of Chestnut street at No. 1623 Chestnut street, in the Ninth Ward of the City of Philadelphia.

REPORT OF VIEWERS.

Filed April 11, 1901.

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the widening of Chestnut street in front of premises of John P. Doherty, being No. 1623 Chestnut street, in the Ninth Ward of the City of Philadelphia, respectfully report:

That after due notice the following viewers, viz.: Frank M. Wirgman, S. A. J. Salter, Francis J. Alison, L. E. French and Horace D. Gaw, met on the 26th day of February, 1901, at 9 o'clock A. M., in Room No. 571, City Hall, Philadelphia, for organization. The other juror, John J. Ridgway, was not present at this meeting. The viewers at this and subsequent meetings were attended by George McGowan, Esq., attorney for John P. Doherty, claimant; John P. Doherty and witnesses, and John H. Maurer, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at the said meeting held on the 26th day of February, 1901, all of the undersigned viewers, except John J. Ridgway, were sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to act as road jurors or viewers in this proceeding. Each of them was found to be disinterested, competent and in all respects duly qualified to serve. The said viewers were then severally sworn or affirmed to perform their duties as road jurors or viewers in the matter of the widening of

Chestnut street in front of premises No. 1623 Chestnut street, faithfully, justly and impartially and according to the best of their ability and judgment. The jury then organized by electing Frank M. Wirgman foreman, and S. A. J. Salter secretary. At this meeting the petition for the appointment of the jury was read to the jury and the official plan produced, which is filed with this report. That the jury then adjourned to meet on the premises affected on February 27, 1901, at 11 A. M. and viewed the same. All of the undersigned viewers were present at this view. Prior to the view John J. Ridgway was duly examined and sworn in as a viewer in this proceeding.

That subsequent meetings were held for the purpose of hearing testimony, arguments of counsel, re-view and consultation on March 5, 7, 14, 19, 21, 30, April 1 and 2, 1901, and one meeting for signing this report.

That the property of the said petitioner which is affected by the aforesaid widening of Chestnut street is described as follows: All that certain lot or piece of ground with the four-story brown stone messuage or tenement thereon erected, situate on the north side of Chestnut street at the distance of one hundred and eight feet six inches eastward from the east side of Seventeenth street, in the Ninth Ward of the City of Philadelphia, numbered 1623 Chestnut street, containing in front or breadth on said Chestnut street twenty feet, and extending in length or depth of that width northward between lines parallel with the said Seventeenth street, one hundred and fifty-eight feet to Ranstead (formerly called Malloy and Linden) street.

That in conformity with the Act of April 28, 1870, and Ordinance of the Councils of the City of Philadelphia approved March 31, 1894, the said property receded to the new north line of Chestnut street on November 30, 1900.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades to which the said street has been widened, and considering as well the advantages and disadvantages to the property of the petitioner, the jury find that the said petitioner, John P.

Doherty, has suffered damage to said property to the extent of nine hundred and fifty (950) dollars, and award said sum as damages therefor.

The jury also considered the question of benefits and are of the opinion that no property in the vicinity is specially benefited by the said widening, and report that the whole of said sum of nine hundred and fifty (950) dollars awarded as damages, should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF VIEWERS.

Filed April 18, 1901.

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of Twenty-sixth street, from Wharton street to Dickinson street, in the Thirty-sixth Ward of the City of Philadelphia, respectfully report:

That after due service of notice upon the registered owners of property along the line of Twenty-sixth street, from Wharton street to Dickinson street, proof of which is on file in your Honorable Court, the viewers held their first meeting on January 18, 1901, at 11 o'clock A. M., in Room No. 377, City Hall. At this meeting the following viewers were present: John W. Boileau, Henry A. Burton, Jefferson H. Nones, William F. Martin, William E. Connor and Harry C. Gill. During the course of this proceeding there also appeared, Peter Boyd, Esq., for William Chapman, trading as The Philadelphia Brick Company; Robert von Moschzisker, Esq., for Edward Shippen, surviving Trustee of the Estate of Robert E. Gray, deceased; Robert Alexander, Esq., for Blaney Harvey, Joseph H. Chubb and William L. Simmons, executors and trustees of Estate of John Gillespie, deceased; R. B. Fletcher, Esq., for Samuel Horner, Jr., and John P. Bracken; Horace Haverstick, Esq., for Rebecca B. P. Haines; E. O. Michener, Esq., for John Law Dallam, and John H. Maurer, Esq., Assistant City Solicitor for the City of Philadelphia. Samuel Horner, Jr., John P. Bracken, Blaney Harvey and Joseph H. Chubb also attended.

That at said meeting on January 18, 1901, each viewer was first sworn or affirmed by one of their number on his *voir dire* and examined touching his competency to serve as a viewer in this proceeding. Each viewer having been found to be disinterested, competent and in all respects duly qualified to serve, was then sworn or affirmed by one of their number to perform his duty as a viewer in the matter of the opening of Twenty-sixth street, from Wharton street to Dickinson street, in the Thirty-sixth Ward of the City of Philadelphia, faithfully, impartially and according to the best of his judgment, after which the jury organized by electing John W. Boileau foreman and Harry C. Gill, secretary. The petition for the appointment of the jury was then read to the jury and the official plan produced for the use of the viewers. Said plan is filed with this report. The viewers then adjourned to January 22, 1901, at 1 o'clock P. M., for a view of the premises.

That on January 22, 1901, at 1 o'clock P. M., the viewers met upon the premises as agreed, all of the viewers being present, and a view was made.

Subsequent meetings were held in Room No. 571, City Hall, for the purpose of taking testimony, hearing arguments of counsel and review, on January 25, 31, February 7, 14, 21, 25, 28, March 6, 11, 14, 15, 18, 19 and 20, 1901, and for consultation on March 21, 1901.

The jury having agreed upon a schedule of awards of damages, and of assessment of benefits, gave notice on the twenty-sixth day of March, 1901 (as appears by affidavit of service of notice hereto attached, marked "Exhibit A"), that they would meet on the 8th day of April, 1901, at 1 o'clock P. M., in Room No. 571, City Hall, for the purpose of exhibiting their schedule of awards of damages and assessment of benefits, and to hear exceptions thereto and evidence.

On April 8, 1901, the jury met in pursuance of said notice, being attended by Horace Haverstick, Esq.; R. B. Fletcher, Esq.; E. O. Michener, Esq.; Peter Boyd, Esq., and John H. Maurer, Esq., and heard exceptions to the assessment of benefits. The jury also met on April 10, 1901, and heard further exceptions and evidence. On April 11, 1901, they met for consultation and agreed upon a final schedule of awards of damages and assessment of benefits.

And now, therefore, after a faithful and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades at which the said street has been opened, and considering as well the advantages and disadvantages to each and every one of the property owners and tenants affected by the opening of the said Twenty-sixth street, from Wharton street to Dickinson street, in the Thirty-sixth Ward of the City of Philadelphia, the jury do find and award the following damages:

REPORT OF JURY.

Filed April 23, 1901.

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Greenway avenue, from Fifty-first street to

Fifty-second street, in the Twenty-seventh Ward of the City of Philadelphia, respectfully report:

That pursuant to notice the jury met on March 25, 1901, for organization. All of the jurors were present. At this meeting, to wit, March 25, 1901, the jury organized by electing Samuel G. Scott, foreman; after which the petition was read to the jury, and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered property owners and tenants was also filed with the jury, and is now a matter of record.

That at this meeting, to wit, March 25, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Greenway avenue, from Fifty-first street to Fifty-second street, in the Twenty-seventh Ward, impartially and according to their best judgment. Matthew Muir, one of the jurors, died after attending three meetings. The jury then adjourned to March 26, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That at the meeting held on March 25, 1901, and at subsequent meetings the following counsel were present, representing property owners and tenants along the line of the said street: J. T. Lang, Esq., and W. W. Smithers, Esq., for the Petitioner, William E. Gaunt, and George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia. The following named property owners did not appear either in person or by counsel, nor was any claim made on their behalf, although the jury in making their finding fully considered their properties as affected by the said opening: John Dick, Charles G. Henderson, Jr., and The William Young Burial Ground.

That the jurors subsequently met for the purpose of hearing testimony, reviewing and arguments of counsel, on

the following days: April 1, 8, 10, 12, 15, 1901; for consultation they met on April 17, 1901.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened and graded, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment the jury do find that the following named property owner is damaged to the amount set opposite his name:

To William E. Gaunt.....\$1,833.33

The jury further find that no property in the vicinity is specially benefited by the said opening, and report that the whole award of damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(May 1, 1901.)

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by said opening to property owners and tenants on the line of the said street, respectfully report:

That after due notice the jurors met on March 6, 1901, for organization. All of the jurors were present at this meeting, with the exception of Mr. Edward Cadwallader, who sent word that he declined to serve and would so notify the Court appointing him. Charles R. Gentner was elected foreman; after which the petition was read to the jury and the official plan produced for the use of the said jury. The affidavit of service of notice on the registered owners and tenants along the line of said street was also produced, and is now on record.

That at this meeting, to wit, March 6, 1901, the jury were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their

That at this meeting, to wit, March 6, 1901, and at subsequent meetings they were attended by the following counsel representing property owners and tenants along the line of the said street: Frederick A. Sobernheimer, Esq., representing the Committee of Charles Streep, a lunatic; W. H. Snyder, Esq., representing Sidney L. Wright et al., Trustees for the Carpenter Estate; Samuel F. Clevenger, Esq., representing Charles Wedemeyer, a tenant, and Charles S. Wood, Esq., Assistant City Solicitor, on behalf of the City of Philadelphia. The jury then adjourned to meet on March 9, 1901, for the purpose of making a view of the premises. The five remaining jurors were present at the said view.

That the jury subsequently met on March 11, 1901, and on March 15, 1901, Mr. Carl G. Meininger, who had been appointed as a juror by the Court, was sworn in as a member of the jury, and subsequently viewed the property on March 16, 1901. The jury also met on March 18, 22, 25, 29; April 1, 5, 8, 9, for the purpose of hearing testimony, and on April 10, for the purpose of making a review of the premises, and on April 11, 1901, for consultation, which, together with one meeting for the purpose of signing this report, makes a total of 16 meetings in all.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite to their respective names:

| | |
|---|----------|
| To George W. Rogers, Esq., Committee of the | |
| Estate of Charles Streep, a lunatic, | \$495 78 |
| To Sidney L. Wright et al., Trustees, Carpenter | |

| To Charles Wedemeyer (tenant), | 40 00 |

That the jury are further of the opinion that no property in the vicinity is specially benefited by the opening of the said street, and that therefore the whole amount of the awards as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 33.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to forward herewith a communication from the Director of the Department of Public Works, urging additional appropriations aggregating two hundred and ninety thousand (290,000) dollars, for the improvement of old sewers, for the reconstruction of inlets, manholes, etc., and for the construction of branch sewers and inlets. Owing to the very great importance of this work to the general health of the community, I would earnestly recommend prompt consideration.

Respectfully,

SAMUEL H. ASHBIDGE,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 11, 1901.

HON. SAMUEL H. ASHBIDGE,

Mayor of Philadelphia.

DEAR SIR:—The usual annual appropriation to this Department, Bureau of Surveys, for the construction of branch sewers during the year 1901, was \$125,000.

On March 21, 1901, proposals were received for the construction of branch sewers and inlets. After deducting the amount required on contracts for inlets and sewers to be built in connection with bridges, the available balance on the item for branch sewers will be insufficient to enter into contracts for the sewers awarded on said schedule.

Recently additional ordinances have been passed by Councils, authorizing the construction of branch sewers; there have also been a great number of streets authorized to be paved and repaved, which will require sewers, for which work there is no fund available, unless Councils make an additional appropriation for the construction of branch sewers.

The following is a detailed statement of the condition of affairs:

| | |
|---|-----------|
| Estimated cost of branch sewers authorized by Ordinance of Councils for which there are no funds | \$150,000 |
| Estimated cost of branch sewers required in streets authorized to be paved and repaved, for which there are no funds..... | 150,000 |
| | <hr/> |
| | \$300,000 |
| Deduct estimated cost of branch sewers which cannot be built for causes other than insufficient appropriation | 50,000 |
| | <hr/> |
| Estimated cost of work required to be done.... | \$250,000 |

Councils also appropriated in the annual appropriation to Item 13, for repairs, reconstruction and improvement of old sewers, the sum of \$25,000.

An examination of the Cohocksink sewer in Diamond street, from the terminus of the present work to Twelfth street, resulted in finding the sewer in a very unsafe and dangerous condition and it was deemed necessary to rebuild the entire section in Diamond street, from Eleventh to Twelfth street. The \$25,000 available for this work has been placed under contract and will do about one-half of the work required. An additional appropriation of \$25,000, should be made to extend the reconstruction of this sewer to Twelfth street.

In anticipation of the great amount of work to be done in the reconstruction of inlets, manholes, etc., in connection with the paving and repaving of streets recently authorized by Councils, it will be necessary to have an additional appropriation to cover the cost of the work.

I have the honor to request that you forward this matter to Councils for their consideration and recommend that additional appropriations be made to the Bureau of Surveys for the following work:

| | |
|---|-----------|
| Item 13, for repairs, reconstruction and improvement of old sewers | \$25,000 |
| Item 15, for the reconstruction of inlets, manholes, etc.. | 15,000 |
| Item 16, for branch sewers and inlets..... | 250,000 |
| | <hr/> |
| | \$290,000 |

Yours respectfully,

WM. C. HADDOCK,
Director.

APPENDIX No. 34.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Works, making a request for additional appropriations to sundry items in the Bureau of Water, for the current year. This money is absolutely necessary to continue the operations of the Bureau and prompt attention and favorable consideration should be accorded the communication by your Honorable Bodies.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 2, 1901.

HON. SAMUEL H. ASHBURIDGE,

Mayor of Philadelphia.

DEAR SIR:—Owing to the inadequacy of the amounts appropriated to the various items in the Bureau of Water during the year 1901, we find that to continue the operations of this Bureau it will be necessary for Councils to make additional appropriations to many of the items.

The following additional amounts will be required to continue the operations of the Bureau to September 30, 1901.

| | |
|--|------------|
| Item 3, for the purchase of oil, paints, brushes, wood, etc. | \$3,000 00 |
| Item 5, for wages of mechanics, drillers, laborers and other workmen connected with the repairs to and improvement of the distribution, the laying of ser- vice mains and the transportation of workmen en- gaged in repairs | \$4,000 00 |
| Item 7, for the purchase of iron water pipe, special pipe castings and pig lead | 40,000 00 |
| Item 9, for the purchase of hardware, bolts and nuts.. | 3,000 00 |
| Item 10, for the purchase of iron, steel and malleable castings | 8,000 00 |
| Item 11, for the purchase of gum goods and packing.. | 5,000 00 |
| Item 14, for the purchase of wrought iron pipe and fittings | 3,000 00 |
| Item 16, for the purchase of brass fittings, cocks and valves | 4,000 00 |
| Item 18, for the purchase of lumber..... | 4,000 00 |
| Item 22, for the purchase of iron and steel..... | 2,000 00 |
| Item 28, for the purchase of stationery, engineers' sup- plies and printing | 2,000 00 |
| Item 31, for the purchase of horses and horse shoeing.. | 1,000 00 |
| Item 38, for the purchase of special articles, etc..... | 2,500 00 |
| Item 39, for the purchase of lead pipe..... | 5,000 00 |

I have the honor to request that you ask Councils to make the additional appropriations in order to maintain the operations of the Bureau.

In this connection I would state it will be necessary for

Councils to make a further appropriation in the fall, in order to carry on the operations of the Bureau of Water during the last three months of the year.

Yours respectfully,

WM. C. HADDOCK,

Director.

APPENDIX No. 35.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a letter from the Director of the Department of Public Works, supplementary to one of the 23d of January, 1901, relative to the condition of the bridges and urging additional appropriation for repairs. Several of the City bridges are in a very dangerous condition, requiring immediate attention. Repairs should be made at once so that the structures can be rendered safe for public travel.

This is an important matter and should be accorded prompt attention.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 24, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of Philadelphia.

DEAR SIR:—Supplementing my letter of January 23, 1901, relative to an additional appropriation to this De-

partment, Bureau of Highways, Item 7, for repairs to bridges, would state in said letter I reported that Mr. William H. Brooks, Chief of Bureau of Highways, in accordance with my directions, had made a thorough inspection of the condition of the City's bridges and furnished me with a list of those needing repairs and painting, together with the estimated cost, as near as it could be determined, amounting to \$159,094. I stated further that several of the bridges were in a very dangerous condition, requiring immediate attention.

I have since received several reports from the Chief of Bureau of Highways, as follows:

April 3, 1901: Reporting the dangerous condition of the bridge on Bristol Pike over Poquessing Creek, stating the entire structure is in such condition, that steps should be taken to replace it at once, or close it to public travel.

April 13, 1901: Reporting the condition of bridge north of Wissahickon Station over the Philadelphia & Reading Railway, stating this structure is in such impaired condition as to require the renewal of a greater part of the bridge. The chords and braces are decayed beyond repair and the planking is worn out, stating further that the Chief Engineer of the Philadelphia & Reading Railway Company has called attention to the dangerous condition of this bridge and asked that prompt attention be given the matter.

April 16, 1901: Reporting the condition of the bridge on Columbia avenue, over the Philadelphia & Reading Railway. The metal work of this bridge is badly corroded and the bridge very much weakened. The webs in the main girder are eaten through in a number of places and some of the braces are so rusted and weakened as to be almost destroyed. This bridge will become so dangerous in a very short time that it will have to be closed to travel unless steps are taken at once to reinforce the weakened parts. In connection with the condition of this bridge, I would state that citizens have called the attention of the Department to its condition, also the officials of the Union Traction Company.

April 16, 1901: Reporting the condition of Spring Garden street bridge, which needs repairs in many places and

same should be made at once, or serious damage will occur to this bridge.

April 23, 1901: Reporting the condition of the bridge at Cottage avenue, over the tracks of the Philadelphia & Reading Railway; also the bridge at Belmont avenue and the bridge at Adams road. On these three bridges, partial repairs have been made and money should be provided to finish them and place the bridges in proper condition.

April 23, 1901: Reporting the condition of bridge on Lamb Tavern road over the Pennsylvania R. R., stating the planking on the bridge approaches is in bad condition and needs renewal. The existing conditions are dangerous

The bridge carrying Broad street over the tracks of the Philadelphia & Reading Railway, north of Huntingdon street, is also in need of repairs.

Many other of the City's bridges are in dangerous condition and repairs should be made at once to place them in proper condition to make them safe for public travel.

I have the honor to request that you present these matters to Councils for their consideration.

Yours respectfully,

WM. C. HADDOCK,

Director.

APPENDIX No. 36.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Works, asking for an additional appropriation so as to increase the salary of the Assistant Engineer of Bridges. The City is constantly losing some of its best men to out-

side corporations which offer them larger salaries, and I would therefore ask your careful consideration of this communication.

Respectfully,

SAMUEL H. ASHBIDGE,

Mayor.

—

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 23, 1901.

HON. SAMUEL H. ASHBIDGE,
Mayor of Philadelphia.

DEAR SIR:—Mr. Charles H. Mills has held in this Department, the position of Assistant Engineer of Bridges for several years past.

He is a gentleman who has had twenty years' experience in this special line and his services in connection with the new Grays Ferry bridge and other work, have shown him to be worthy of a greater compensation than what he now receives. His present salary is \$2,000 per year.

The recent authorization of the construction of a large number of bridge structures in this City and the rapid development in the science of bridge building, requires that the City should have in its service as engineer in charge of the details of this important work, a man thoroughly skilled, trained and experienced in this branch of engineering.

The Department is losing some of its best men to outside corporations, who offer them larger salaries than the City pays.

I would therefore recommend that the salary of Assistant Engineer of Bridges be increased to \$3,000 per annum, and enclose herewith draft of ordinance authorizing this increase and making an appropriation therefor.

I have the honor to request that you forward this to

Councils, with the recommendation that they give it favorable consideration.

Yours respectfully,

WM. C. HADDOCK,

Director.

AN ORDINANCE

To increase the salary of the Assistant Engineer (of Bridges) and making an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the salary of the Assistant Engineer (of Bridges) in the Bureau of Surveys be, and is hereby increased from two thousand (2,000) dollars to three thousand (3,000) dollars per annum.

SECT. 2. That the sum of five hundred (500) dollars be, and is hereby appropriated to Item 1 in the annual appropriation to the Department of Public Works (Bureau of Surveys) for the year 1901 to pay said increase in salary herein authorized from July 1, 1901.

APPENDIX No. 37.

Philadelphia, May 2, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

OFFICE OF THE MAYOR.

Philadelphia, May 16, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Works, together with a draft of an ordinance to open Dauphin street, between Glenwood avenue and Sedgley avenue. The passage of this ordinance by your Honorable Bodies is necessary before the contract can be let for the construction of a bridge on the line of Dauphin street, under the Connecting Railway.

Respectfully,

—

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 15, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of Philadelphia.

DEAR SIR:—Councils by ordinance approved December 12, 1900, authorized the Department of Public Works to construct a bridge on the line of Dauphin street, under the Connecting Railway.

The bed of Dauphin street, east and west of the Connecting Railway, was dedicated to the City a number of years ago, but owing to the recent decision of the Supreme Court, there is some question as to whether the street between the Connecting Railway and Sedgley avenue is a public highway.

I asked for and received an opinion from the City Solicitor relative to the ownership of Dauphin street, from the Connecting Railway to Sedgley avenue, in which he states that upon the striking of Dauphin street from the

City plan, the abutting owners took title to the centre of the street, and that it is necessary, therefore, for Councils to authorize the opening of this street before it can be used as a public highway.

I have had prepared a draft of an ordinance to authorize the opening of Dauphin street, between Glenwood and Sedgley avenues, which is herewith enclosed, and I would respectfully request that you forward it to Councils with the recommendation that it be acted upon prior to the summer recess, in order that the construction of the bridge may be proceeded with.

Yours respectfully,

WM. C. HADDOCK,

Director.

—

AN ORDINANCE

To open Dauphin street, between Glenwood avenue and Sedgley avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be and is hereby authorized and directed to notify the owners of property over and through which the following street will pass, that at the expiration of three months from the date of said notice the said street will be required for public use, viz.: Dauphin street, from Glenwood avenue to Sedgley avenue.

APPENDIX No. 48.

LAW DEPARTMENT.

Philadelphia, May 16, 1901.

GEO. W. KOCHERSPERGER, Esq.,

Chief Clerk of Common Council.

DEAR SIR:—Enclosed please find copy of report of jury in the matter of the widening of Chestnut street at the

northeast corner of Second street, in the Sixth Ward. Report of jury filed May 15, 1901.

Chestnut street at point indicated has been physically widened since July 15, 1900.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the widening of Chestnut street at the northeast corner of Second street, in the Sixth Ward of the City of Philadelphia.

REPORT OF VIEWERS.

Filed May 15, 1901.

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the widening of Chestnut street, on the north side, in front of premises owned by the Corn Exchange National Bank, being the northeast corner of Second street, in the Sixth Ward of the City of Philadelphia, respectfully report:

That pursuant to notice the undersigned viewers, viz.: Henry A. Burton, Jesse A. T. Laws, Charles H. Mintzer, William E. Connor, Charles A. Ayres and James B. Myers, met on the 10th day of April, 1901, at 2 o'clock P. M., in Room No. 571, City Hall, Philadelphia, for organization, when, having been sworn or affirmed by one of their number on their *voir dire*, they were examined touching their capacity and competency to act as road jurors or viewers in this proceeding. Each of them was found to be disinterested, competent and in all respects duly qualified to serve. The viewers were then severally sworn or affirmed by one of their number to perform their duties as road

jurors or viewers in the matter of the widening of Chestnut street in front of the premises of the Corn Exchange National Bank at the northeast corner of Second street and Chestnut street, faithfully, justly and impartially and according to the best of their ability and judgment, and organized by electing Jesse A. T. Laws foreman and Charles H. Mintzer, secretary. The petition praying for the appointment of the jury was then read and the official plan of the premises affected produced. The said plan is filed with this report. The jury then adjourned to meet on the premises affected on April 12, 1901, at 3 o'clock P. M., to view the same. All of the viewers were present at said view made on April 12, 1901, at 3 o'clock P. M.

That subsequent meetings for the purposes of hearing testimony and arguments of counsel were held on April 17, 22, 24, 29, May 3 and 9, 1901, at which time the jury were attended by Hazard Dickson, Esq., attorney for the petitioner and claimant, The Corn Exchange National Bank, and John H. Maurer, Esq., Assistant City Solicitor, for the City of Philadelphia. The jury also met on May 9 and 10, to re-view and on May 11, 1901, for consultation and held a further meeting for signing this report.

That in conformity with the ordinance of Councils of the City of Philadelphia, approved March 31, 1884, the petitioner's property receded to the new north line of Chestnut street on July 15, 1900. That said property has a frontage on Chestnut street of fifty-seven feet ten and a quarter inches, and prior to the said widening of said street had a depth of fifty-one feet two inches northward along the east side of Second street, but is now reduced five feet in its depth northward along said east side of Second street.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades to which said Chestnut street has been widened on the north side and in front of premises of the petitioner, and considering as well the advantages and disadvantages to the petitioner's property, the jury find that the said claimant, The Corn Exchange National Bank, has suffered dam-

ages to its property by reason of the widening of Chestnut street above mentioned to the extent of three thousand (3,000) dollars, and award said sum as damages therefor.

The jury are of opinion that no property in the vicinity is specially benefited by the said widening and report that the whole of said sum of three thousand (3,000) dollars awarded as damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

Jesse A. T. Laws,
Charles A. Ayers,
Chas. H. Mintzer,

Henry A. Burton,
Wm. E. Connor,
Jas. B. Myers.

APPENDIX No. 56.

Philadelphia, May 16, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Joint Special Committee on South Carolina Inter-State and West Indian Exposition, ap-

pointed to consider the advisability of having Philadelphia represented at said Exposition and to make such arrangements as may be deemed wise, respectfully report that they met for organization on April 12, 1901, and at said meeting there was present his Honor the Mayor, Samuel H. Ashbridge, the Chairman and members of the Allied Business Men's Organization, and Hiram B. Shock, Special Commissioner of Pennsylvania, from South Carolina.

Addresses were made by Mr. W. W. Supplee, Chairman of the Allied Business Mens' Organization; Mr. E. E. Henderson, of the Lumbermen's Exchange; Mr. N. B. Kelly, Secretary of the Trades League; Mayor Samuel H. Ashbridge and Hiram B. Shock.

All the speakers strongly urged that the City participate in said Exposition, and that an appropriation be made for the purpose of displaying historical, educational and other exhibits of the City, and employing methods calculated to promote the material interest and welfare of the City.

The Committee has held numerous meetings since, and has been in communication with Mr. J. C. Hemphill, manager of the Department of Promotion and Publicity of the South Carolina Inter-State and West Indian Exposition Company, who urgently recommends "that Philadelphia should be represented at the Exposition. For the reason that there is a splendid opportunity in the South for the development of Philadelphia's commercial interests, and for the reason that the Exposition at Charleston will present the most favorable opportunity to the people of your City to establish closer relations with the people of the South. Also, that it is most desirable that Philadelphia should be represented by a building on the Exposition grounds, and that such a building would be of immense value to Philadelphia in all its associations with the South. As to the character of the exhibits this building should contain, he suggests that it might be well to devote the space in this building, as far as practicable, to a collective exhibit of the historical, educational, artistic and patriotic treasures of Philadelphia."

We have held several conferences with the Mayor, who very strongly urges that an appropriation be made by Com-

eils, and that the City should have a building typical of Philadelphia, erected on the said grounds, believing it would be a great benefit and aid to our merchants and manufacturers, and would assist to restore their trade with the South, which at one time was larger than any city in the United States.

We have also consulted with Mr. Joseph M. Huston, architect, relative to the erection of a building by the City, who will submit a plan for a suitable building subject to the approval of your Committee. Believing that by Philadelphia being properly represented at said Exposition it will be a great benefit to the municipality, and will aid our merchants and manufacturers in placing our City again in the front rank with the Southern trade, we deem it advisable that the City should be represented at said Exposition. Therefore, your Committee earnestly recommends that an appropriation of thirty-five thousand (\$35,000) dollars be made for the purposes above mentioned, it being suggested that among other exhibits there should be patriotic, historical and educational relics, including:

A model of a locomotive from the well-known Baldwin Locomotive Works.

A model of a ship from the well-known Cramp's Ship Building Company.

Exhibit from the Board of Public Education of a modern school-house and the work of the Manual Training School and School of Industrial Art, also a descriptive exhibit of our Commercial Museum. And if Councils in their judgment deem it wise the "Old Liberty Bell" could be placed in said building, as the same is very much desired by the people of Charleston as is shown by the following letters addressed to Mayor, Samuel H. Ashbridge:

—

Charleston, S. C., May 9, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of Philadelphia, Penna.

MY DEAR SIR:—The people of Charleston are very much gratified to know that you and the City Councils

of Philadelphia are so well disposed towards the South Carolina Inter-State and West Indian Exposition which will open in this city December 1, 1901, and close June 1, 1902. I write in their behalf and in behalf of the Exposition Company, of which I have the honor to be President, to make the special request that, among the exhibits of historic interest that your city will make at Charleston there shall be included the "Old Liberty Bell," which proclaimed liberty to the people of this country a century and a quarter ago. In the first struggle for American Independence, the people of South Carolina and Pennsylvania and of Philadelphia and Charleston worked together, marched together and fought together, and in this present day there should exist between them the closest possible alliance in industrial and commercial enterprise. No contribution that Philadelphia could make to the success of the Exposition at Charleston would excite more patriotic enthusiasm than the sacred relic which you cherish so carefully. We shall be pleased to provide all possible protection for the Liberty Bell, and trust that you may find it consistent with your sense of public duty and responsibility to make this contribution to the success of the undertaking, which means so much for us and all the people of the South.

I have the honor to be,

Very sincerely yours,

F. W. WAGENER.

*President of the South Carolina Inter-State
and West Indian Exposition Company.*

—

City of Charleston,

Executive Department, May 13, 1901.

HON. SAMUEL H. ASHBURIDGE,

Mayor of Philadelphia.

MY DEAR SIR:—I wish to assure you of the sincere gratification of the people of Charleston at the determination

of the City of Philadelphia to be represented at the South Carolina Inter-State and West Indian Exposition to be held in this City. I trust that you may find it consistent with your duty and responsibility to make the Liberty Bell a crowning feature of the exhibit from your historic City. We have our Revolutionary memories in Charleston, and in the great struggle for American Independence, Philadelphia and Charleston—Pennsylvania and South Carolina—stood faithfully together. None of your treasures that could be sent to Charleston would so strongly appeal to the patriotism and enthusiasm of our people as this priceless relic of the brave days of old, when our fathers fought together and nothing else would so surely contribute to that more perfect commercial and industrial union between the South and the North—between Philadelphia and Charleston—which our Exposition is intended to secure. I assure you, in behalf of the City Government and people of Charleston, that every possible protection will be given to the Liberty Bell if it be brought to this City.

I have the honor to be,

Yours respectfully,

J. ADGER SMYTH.

Mayor of the City of Charleston.

—

Your Committee respectfully report these facts for your favorable consideration and recommend the passage of the annexed resolution.

APPENDIX No. 71.

Philadelphia, June 6, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Oak lane, Gibson and Kingsessing avenues, Third

and Waterloo streets, beg leave to report that Oak lane at the present time is open only thirty-three feet wide. The City of Philadelphia and the Philadelphia and Reading Railway Company are about to construct a bridge over the North Pennsylvania Railroad of the width of nearly sixty feet. The object of the proposed opening is to give access to the bridge. As no buildings are disturbed the damages will not be very large.

The opening of Gibson avenue is intended to connect the open portions of the street. The ground through which the street passes is farm land valued at about three thousand (3,000) dollars per acre. As no buildings are taken and the opening of the street will permit of development of the property, no damage should be assessed for opening the street.

Kingsessing avenue has been graded by the City under the supposition that the street was legally opened. In order that the owners of property may not enter suit for trespass it is thought wise to pass the opening ordinance.

Third street is legally opened to the width of fifty feet but on the plan sixty feet, the additional ten feet being taken from the east side. No buildings are disturbed by the widening and in order that street improvements may be made the present ordinance is necessary. The only damage is for the ten feet of ground taken.

More than four-fifths of the property on Waterloo street has been dedicated to the City. The damage of the undedicated portion ought not to exceed two hundred and fifty (250) dollars. The City has a bath-house erected at the corner of Ontario and Waterloo streets which cannot be drained until this street is opened.

Your Committee believe that these streets are required by the public and therefore report the ordinance with a favorable recommendation.

Alex. M. DeHaven (*Ch'n*), Thos. Wagner, Jr., Jos. M. Adams, Peter E. Costello, W. A. Miller, E. P. Macken, Wm. H. Funston, W. F. Short, J. H. B. Amick, Jesse S. Shepard, Chas. Scger, Watson D. Upperman, E. Buchholz, Geo. W. Sunderland

AN ORDINANCE

To authorize the opening of Oak lane, Gibson and King-sessing avenues, Third and Waterloo streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use, viz.: Oak lane, to its full width, from Seventh to Ninth street; Gibson avenue, from Fifty-eighth to Sixty-third street; King-sessing avenue, from Cemetery lane to Sixty-fifth street; the unopened portion of Third street, from Ontario to Westmoreland street; the unopened portion of Waterloo street, from Ontario to Westmoreland street.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to place Thirteenth street, from Ontario street to German-town avenue, on the City plan," beg leave to report that

the placing of Thirteenth street on the City plan will provide for a highway from Clearfield street northward to York road. The street when opened will afford a valuable street to the public, the utility of which would be much impaired in not securing a continuous thoroughfare, as provided for in the accompanying ordinance. The opening of this street will permit the removal of the street railway on the east side of Broad street, from Clearfield street to Erie avenue, a distance of 3,300 linear feet. The cost for land damages and damage done to buildings in opening Thirteenth street is estimated at twenty-three thousand (23,000) dollars. We believe the necessity for the street justifies us in returning the ordinance with a favorable recommendation, notwithstanding the heavy damages that will be incurred by the City in opening the same.

Ellsworth H. Hulst (*Ch'n*), Joseph P. Hughes, Chas. H. Johnson, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos. M. Adams, Geo. B. Edwards.

AN ORDINANCE

To place Thirteenth street, from Ontario street to Germantown avenue, on the City plan.

The street never had any physical existence and is of no use to the public. The property is covered by wharfs, docks and buildings. The owners of property

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Crefeldt street, from Chestnut Hill avenue to Norman street," respectfully report that this street is not physically laid out according to the lines established upon the City plan. The intention of the ordinance is to change the plan to conform to the actual physical conditions. As this can be done with advantage

to the property and no damages to the City, we report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'u*), Joseph P. Hughes, Chas. H. Johnson, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos. M. Adams, Geo. B. Edwards.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the revision of the grade of Rubicam street, from Wistar street to Shedaker street, in the Twenty-second Ward,” beg leave to report that Rubicam street is curbed and macadamized. The street is about to be repaved with improved pavement. To make the physical conditions agree with the plan considerable damage would be done

to property. As there is no occasion for changing the present conditions the revision of the plan should be made in order to avoid this damage. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'u*), Joseph P. Hughes, Chas. H. Johnson, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos. M. Adams, Geo. B. Edwards.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of that portion of Plan No. 166, bounded by Forty-third street, Chester avenue, Forty-fifth street and Baltimore avenue," beg leave to report that Forty-fourth street is the dividing line between "The Clarence H. Clark Park" and property of the Merciful Home for Crippled Children. Until recently the title to the bed of said street was vested in Clarence H. Clark, but now

the east half has been conveyed to the City of Philadelphia for park purposes and the west half to the Merciful Home for Crippled Children.

The object of the ordinance is to strike Forty-fourth street from the plan. We do not believe the said street is required for the use of the public, and therefore report the ordinance favorably.

Ellsworth H. Hulst (*Ch'n*), Joseph P. Hughes, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos. M. Adams, Geo. B. Edwards.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors), be authorized to revise the lines and grades of that portion of Plan No. 166, bounded by Forty-third street, Chester avenue, Forty-fifth street and Baltimore avenue, by striking from the said plan Forty-fourth street, from Baltimore avenue to Chester avenue, and revising the lines and grades of Chester avenue adjacent thereto.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of Schuylkill avenue, from Wharton street to Reed street, so as to provide a sidewalk

on the west side of the said Schuylkill avenue," beg leave to report that when Schuylkill avenue was placed on the plan the west sidewalk was occupied by a steam railroad siding. This siding has been removed and the property owners now desire a sidewalk laid out on the plan prior to the paving of the street. As the ordinance will involve no cost or damage to the city we report it back with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Joseph P. Hughes, Chas. H. Johnson, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos M. Adams, Geo. B. Edwards.

To revise the lines and grades of Schuylkill avenue, from Wharton street to Reed street, so as to provide a sidewalk on the west side of the said Schuylkill avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Schuylkill avenue, from Wharton street to Reed street, so as to provide a sidewalk of the width of twelve (12) feet on the west side of the said Schuylkill avenue.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Catharine street, between Delaware avenue and Front street, and so much of the grades of Swanson street adjacent thereto as may be

affected," beg leave to report that the object of the revision is to permit the raising of the curb at the northeast and southeast corner of Swanson and Catharine streets about six inches, so as to make an easier grade to the level of the railroad tracks in Swanson street. The track at the present time is at such an elevation above the curbs as to make a steep and dangerous cross-section on the street. This change can be made without damage to the property, involving only the resetting of the curb and repaving of the sidewalk; as the street is about to be repaved this can be done without cost to the City. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Joseph P. Hughes, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McFetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos. M. Adams, Geo. B. Edwards.

AN ORDINANCE

To revise the lines and grades of Catharine street, between Delaware avenue and Front street, and so much of the grades of Swanson street adjacent thereto as may be affected thereby.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Catharine street, between Delaware avenue and Front street, and so much of Swanson street adjacent thereto as may be affected thereby.

The avenue is to be laid out conformable to the topography of the land and through a portion of the territory to provide a main sewer street. The owners of property have agreed to dedicate and grade the street. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Joseph P. Hughes, Chas. H. Johnson, J. H. Shaw, Frank H. Massey, George W. Conrad, Rob. McPetridge, Bennett L. Smedley, John Klang, James A. Briggs, Saml. K. Stinger, S. E. Pendlebury, Thomas S. Wiltbank, Geo. W. Sunderland, Jos M. Adams, Geo. B. Edwards.

In the matter of the opening of St. Luke's street, from Sixteenth street to Seventeenth street, in the Thirty-third Ward of the City of Philadelphia.

(Ord. Jan. 12, 1900.)

(Copy.)

REPORT OF JURY.

Filed June 10, 1901.

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of St. Luke's street, from Sixteenth street to Sev-

enteenth street, in the Thirty-third Ward of the City of Philadelphia, respectfully report:

That pursuant to notice the jury met on February 25, 1901, for organization. All of the jurors were present. At this meeting, to wit, February 25, 1901, the jury organized by electing Charles R. Gentner, foreman, after which the petition was read to the jury and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the property owners and tenants was also filed with the jury.

That at this meeting, to wit, February 25, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of St. Luke's street, from Sixteenth to Seventeenth street, impartially and according to their best judgment. The jury then adjourned to February 27, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That at this and the subsequent meetings, the jury was attended by the following counsel representing property owners and tenants along the line of the said street: Messrs. Krewson, Brinton & Lansdale for the petitioner, W. Moylan Lansdale et al., and George E. Fili, Esq., Assistant City Solicitor, for the City of Philadelphia. This was the only claim for damages made before the jury. The following named property owners did not appear, nor was any claim made on their behalf: E. E. Paxson, Cornelius Haney, Maria T. B. Lansdale, Trustee, and Henry C. Townsend.

That the jurors subsequently met on March 4; April 18, 24; May 1, 8, 9 and 15, 1901, for the purpose of hearing testimony, reviewing and listening to the arguments of counsel. For consultation they met on May 17, 1901.

And now, therefore, after a full and impartial consid-

eration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades at which said street is to be opened and graded, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening and grading thereof, and acting on their best judgment the jury do find that the following named property owners are damaged to the amount set opposite their names:

| | |
|--|------------|
| W. Moylan Lansdale, Ferree Brinton and George C. Krewson, Trustees (marked on plan "James S. White") | \$2,500 00 |
| E. E. Paxson | No damage. |
| Cornelius Haney | No damage. |
| Maria T. B. Lansdale | No damage. |
| Henry C. Townsend | No damage. |

The jury further report that no property in the vicinity is specially benefited by the said opening, and that, therefore, the whole amount should be paid by the City of Philadelphia.

All of which is respectfully submitted.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of Wentz street, from Tabor street to a point about two hundred feet northward,” beg leave to report that the street at present laid out makes an objectionable angle. APPENDIX No. 96.

Philadelphia, June 13, 1901.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the revision of the lines and grades of Stenton avenue, in the Twenty-second Ward," respectfully report that the object of the bill is principally to effect a widening of the avenue to conform to the width as now established or as is proposed to be established on the plan and as partly

opened, from Washington lane northward to the County line, a distance of about four miles. The portion to be revised by this bill is the only remaining section of Stenton avenue, north of Cheltenham avenue, not now authorized to be revised.

The widening is necessary as Stenton avenue is the most important highway in this section, and is expedient at the present time as most of the property is undeveloped. The damages shall not exceed ten thousand (10,000) dollars, and the process of opening can be made a gradual one. A portion of the revised width will be dedicated. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), J. H. Shaw, Rob. McFetridge, George W. Conrad, Geo. W. Sunderland, Geo. Edwards, Saml. K. Stinger, James A. Briggs, Samuel Crothers, Alexander Crow, Jr., Chas. Seger, Chas. H. Johnson, Bennett L. Smedley, Chas. B. Barton, Thomas S. Wiltbank, Frank H. Massey.

APPENDIX No. 97.

OFFICE OF THE MAYOR.

Philadelphia, June 20, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith a communication from the Director of the Department of Public Safety, with reference to the "Resolution," adopted by your Honorable Bodies last week, "of request to the Director of the Department of Public Safety to construct a safety chain across the river Schuylkill, above Flat Rock Dam."

In his communication the Director advises me that the sum of two thousand (2,000) dollars will be necessary to erect the safety appliance spoken of in the resolution. There is no money available for this purpose, and I would therefore ask prompt action upon this request, so that the necessary appropriation may be made before the usual summer recess.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, June 19, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of the City of Philadelphia.

DEAR SIR:— In reply to your communication, relative to Flat Rock Dam, I have looked carefully into the matter and find that it will require, in round figures, about \$2,000 to put up the safety devices as suggested. This will include iron buoys anchored at the breast of the dam and connected by a galvanized iron wire cable. The distance is 591 feet 6 inches, and it will require this amount of

money to comply with the resolution of Councils forwarded this office a few days ago. I would suggest that the matter be referred to Councils, asking for an appropriation for this purpose.

Yours very truly,

A. L. ENGLISH,

Director.

APPENDIX No. 121.

OFFICE OF THE MAYOR.

Philadelphia, July 3, 1901.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—I have the honor to transmit herewith a draft of "An Ordinance to make an appropriation for and to authorize the deepening of the channels of the Delaware and Schuylkill rivers." The appropriation asked for is two hundred and fifty thousand (250,000) dollars, this amount being all that the Director of the Department of Public Works and the Chief of the Bureau of Surveys think can be spent advantageously this year.

In complying with the provisions of the ordinance of April 2, 1898, which provides that all dredged material be placed beyond high water mark within the City limits, I am of the opinion that the City will receive considerable benefit for the extra expenditure of placing the material over the banks, provided material be deposited upon the property of the City of Philadelphia.

Such dredged material may be deposited upon League Island Park, on certain portions of Bartram's Gardens, and also upon the low land included within the House of Correction property.

There will also be requested at the proper time, in the appropriation for 1902, to the Bureau of Surveys, an item of five hundred thousand (500,000) dollars for improving the channels of the Delaware and Schuylkill rivers.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

AN ORDINANCE

To make an appropriation for and to authorize the work of deepening the channels of the Delaware and Schuylkill rivers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works, Bureau of Surveys, be and is hereby authorized and directed to prepare plans for the improvement of navigation in the Delaware and Schuylkill rivers by deepening their channels, said work to be within the scope of the projects for increased depth of channels in the Delaware and Schuylkill rivers, approved by the United States Government. Upon the completion of said plans, the Director of the Department of Public Works be and is hereby authorized and directed to advertise for proposals, and award contracts in accordance with existing laws and ordinances, for the necessary work to carry out the provisions of this ordinance.

SECT. 2. The sum of two hundred and fifty thousand (250,000) dollars be and is hereby appropriated and set aside to Item 30, of the annual appropriation to the Department of Public Works, Bureau of Surveys, for the purpose of carrying on the work herein authorized and the payment of all expenses incident thereto: *Provided*, That the work shall be carried out in accordance with the provisions of the ordinance entitled "An Ordinance to place all dredged material taken from the Delaware and Schuylkill rivers and tributaries thereto, beyond high water mark, within the City limits," approved April 2, 1898: *And provided*, That as far as practicable, dredged material shall be placed upon property belonging to the City of Philadelphia.

APPENDIX No. 122.

OFFICE OF THE MAYOR.

Philadelphia, July 2, 1901.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—I have the honor to request the transfer of three thousand (3,000) dollars to Item 3 in the annual appropriation of this Department "for stationery, printing,

miscellaneous advertising and incidentals." This additional amount will be necessary, owing to the fact that the item has been depleted unexpectedly through the printing of new forms and blanks, rendered necessary by the passage of recent ordinances governing the sale and storage of high explosives; also by the fact that the Loan Bill will have to be re-advertised. I would ask that prompt action be taken on this matter.

Respectfully,

SAMUEL H. ASHBRIDGE,
Mayor.

APPENDIX No. 124.

OFFICE OF THE MAYOR.

Philadelphia, July 2, 1901.

To the President and Members
of Common Council, City of Philadelphia.

GENTLEMEN:—I have the honor to forward herewith a communication from the Director of the Department of Public Safety relative to the fitting up of the rooms for Common Pleas Court No. 5. The rooms now occupied by the District Attorney will have to be refitted and re-furnished for the Court, and Room 650 will have to be fitted as a Court for Juvenile Offenders. The entire amount remaining to the credit of and transferred by the Public Building Commission was nine thousand four hundred and forty-five (9,445) dollars. The estimated expense of fitting up the three court rooms will approximate sixty-one thousand (61,000) dollars, and will require about fifty-one thousand (51,000) dollars additional appropriation.

The Judges of Common Pleas Court No. 5 applied several months ago to the Public Building Commission for the fitting up of these rooms, but nothing was then done in the matter, and the same application is now made to the Department of Public Safety, so that the Court may be able to hold regular sessions as early as possible in the fall.

The above amount will include the furnishing and fitting up of other rooms on the sixth floor for the use of the District Attorney and his assistants.

Respectfully,

SAMUEL H. ASHBRIDGE,

Mayor.

Philadelphia, July 2, 1901.

HON. SAMUEL H. ASHBRIDGE,

Mayor of Philadelphia.

SIR:—After carefully considering the matter of the completion and equipment of the necessary rooms required for Court No. 5 and upon estimates furnished by Architect Powell, I am advised that it will require an appropriation of \$61,000 to do the work.

There will be available for this use, from monies transferred by the Building Commission to this Department, Bureau of City Property, the sum of \$9,445. This will leave a balance of \$51,555, which amount it will be necessary to procure by appropriation from Councils.

I, therefore, refer the matter of the appropriation for the furnishing of these rooms to you, for such action as you may deem best. I am,

Very respectfully,

ABRAHAM L. ENGLISH,

Director.

OFFICE OF THE MAYOR.

Philadelphia, June 26, 1901.

To the President and Members of Common Council.

GENTLEMEN:—I have the honor to transmit herewith without my approval, "An Ordinance to revise the lines and grades of Wentz street, from Tabor street to a point two hundred feet northward." I am advised by the Director of the Department of Public Works that as now upon the plan, Wentz street was legally opened by Ordinance of Councils approved June 27, 1900, bond of City filed January 2, 1901. Under this plan the Bureau of Highways has awarded the contract for grading that portion of the street. I am of opinion that the street can be opened on the lines now established very much cheaper than under the plan proposed by the ordinance, which is herewith returned disapproved.

Respectfully,

SAMUEL H. ASHBIDGE,

Mayor.

DEPARTMENT OF LAW.

Philadelphia, July 1, 1901.

GEORGE W. KOCHERSPERGER, Esq.,

Chief Clerk of Common Council.

DEAR SIR:—Enclosed herewith please find report of the road jury in the matter of the opening of Berkley street, from Germantown avenue to Wayne avenue, to its full width as laid down upon the City plan, Twenty-second Ward, filed June 29, 1901.

This street is physically opened fifty feet in width. The petition in this case was filed to have a jury pass upon the advisability and necessity of widening this street to sixty feet, the widening to take place on the northwest side of Berkley street. The necessity for widening this street on that side appears to have been made necessary by reason of the paving of the said street by the City of Philadelphia, thereby reducing the width of the sidewalk on the northwest side of said Berkley street, from a width of twelve feet to a width of two feet. This street is physically opened of the width of sixty feet in front of property at the northeast corner of Wayne avenue and Berkley street, and the adjoining two properties on Berkley street, east of Wayne avenue.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

REPORT OF VIEWERS.

(Filed June 29, 1901.)

To the Honorable the Judges of the said Court:

The viewers appointed by your Honorable Court to determine the advisability of the opening of Berkley street, from Germantown avenue to Wayne avenue to the width

of sixty feet, and if they find that public necessity requires the opening of the said street to that width, to assess the damages and benefits, if any, caused by reason of the said opening, respectfully report:

That after due notice by personal service upon the registered owners of property along the line of the said Berkley street, from Germantown avenue to Wayne avenue, in the Twenty-second Ward of the City of Philadelphia, the viewers met for the purposes of their appointment, in Road Jury Room No. 571, City Hall, Philadelphia, on March 11, 1901, at 11 o'clock A. M. At this meeting there were present J. Redman Coxe, J. P. Mumford, Wm. Drayton, P. M. Stackhouse, John C. Young and John W. Durham, of the jury. There also appeared at this and subsequent meetings, Walter C. Rodman, Esq., for John M. Greene and Mary Rose; Rowland Evans, Esq., for Estate of Anna C. Huber; E. O. Michener, Esq., for George Young, Clara Gassner and John Carbutt; William A. Hayes, Esq., for Thomas J. Greene; E. P. Bliss, Esq., for Alta B. Johnson; Maurice G. Belknap, Esq., for E. Spencer Miller, Esq., Trustee; Frederick S. Drake, Esq., for Louis A. Levin and Edmund P. Bryce, and John H. Maurer, Esq., Assistant City Solicitor for the City of Philadelphia. The other registered owners, viz: Frederick Fowles and Hugh McCallum et al., did not appear at any meeting, either in person or by counsel.

The viewers were first sworn or affirmed by one of their number on their *voir dire* and examined touching their capacity to serve as viewers in the matter of the opening of Berkley street, from Germantown avenue to Wayne avenue, to the width of sixty feet. Each viewer was found to be disinterested, competent and in all respects duly qualified to serve. Each juror was then sworn or affirmed by one of their number to perform his duties as a juror in this proceeding, faithfully, impartially and according to the best of his judgment. The jury then organized by electing P. M. Stackhouse, foreman, and J. Redman Coxe, secretary. After which they adjourned to meet on the premises on Wednesday, March 13, 1901, at 10 o'clock A. M. The viewers met on March 13, 1901, at 10 A. M. and viewed the premises. All of the viewers were present.

After viewing the premises the jury adjourned to meet on Monday, March 18, 1901, at 11 o'clock A. M., in Room No. 571, City Hall.

Subsequent meetings were held for the purpose of taking testimony as to the public necessity for the opening of Berkley street, from Germantown avenue to Wayne avenue to the width of sixty feet and hearing arguments, on March 18, 21 and 25, 1901. The viewers met for consultation on March 28, 1901.

The viewers find as facts, that prior to the institution of these proceedings the said Berkley street, from Germantown avenue to Wayne avenue, was physically opened to the width of fifty feet, having a cartway twenty-six feet in width and sidewalks on both sides of the street, each twelve feet wide. That said Berkley street, fifty feet in width, from Wayne avenue to Greene street, was opened by bond of the City of Philadelphia, filed on January 23, 1894, pursuant to ordinance of Councils approved October 6, 1893. That said street fifty feet in width, from Greene street to Germantown avenue was dedicated by the property owners. That the lines and grades of Berkley street (sixty feet wide), from Germantown avenue to Wayne avenue, were confirmed by the Board of Surveyors on February 18, 1895.

That pursuant to ordinance of Councils approved on June 29, 1894 (Ordinances 1894, p. 317), the Mayor of the City of Philadelphia on October 4, 1894, entered into a contract with the Mack Paving Company whereby the said company was to pave Berkley street, between Germantown avenue and Wayne avenue. That subsequently, to wit, November 14, 1898, a supplemental contract was entered into by said parties for additional paving work on the said Berkley street, from Germantown avenue to Wayne avenue. That said Berkley street, between the points heretofore mentioned, was paved at a time between September 16, 1898, and December 10, 1898, and while in the performance of this work the contractor removed the curb at the northwest side of said Berkley street and paved the cartway of a width of thirty-six feet, instead of twenty-six feet, of which latter width the cartway had previously been opened, and after re-setting the curb, left only two

feet of sidewalk on the northwest side of Berkley street. The sidewalk on the southeast side was not altered. This proceeding is had to have the jury widen said Berkley street on the northwest side thereof ten feet, so that property owners will get a twelve foot sidewalk instead of a two feet sidewalk as they have at present.

After consideration of the testimony offered, and a view of the premises, the jury find that in view of the difficulty in changing the decision of the Board of Surveyors as to the width of the street, Berkley street, from Germantown avenue to Wayne avenue should now be opened to the full width of sixty feet. The advantage of this increase in width is not clearly evident to the jury, but as the cartway is now paved to the width of thirty-six feet and the present sidewalk on the north side contains but two feet, it seems best to open the street to its full width at present, rather than to wait until the property in the neighborhood has greatly increased in value, which, from the character of the adjoining improvements, seems likely to take place in the near future.

The viewers therefore find and so report, that in their judgment, Berkley street should be opened to its full width of sixty feet, as laid down on the City plan.

None of the property owners having offered to give releases of damages, the viewers proceeded to hear testimony as to both damages and benefits, arguments of counsel, and have re-viewed and held consultation. These meetings took place on April 1, 4, 8, 11, 15, 18, 22, 25, 29; May 2, 6, 9, 13, 16, 20, 23, 27, 31; June 3, 7, 10, 12, 13, 14, and one to sign this report.

And now, therefore, after a full, careful and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades at which the said Berkley street, from Germantown avenue to Wayne avenue is to be opened (really widened ten feet on one side) to its full width of sixty feet as laid down on the City plan, and after a careful consideration of the necessity for said opening, and considering as well the advantages and disadvantages, benefits and damages to each of the property owners along the line of said Berkley street, the jury do find that said Berkley street, from

Germantown avenue to Wayne avenue, should be opened to its full width of sixty feet, and they do further find that the following properties are damaged, and award damages as follows:

| | |
|------------------------------|------------|
| Estate of Anna C. Huber..... | \$1,250 00 |
| George Young | 1,200 00 |
| John Carbutt | 750 00 |
| Clara Gassner | 4,350 00 |
| Alba B. Johnson | 311 75 |
| John M. Greene | 200 00 |
| Mary Rose | No damage. |
| Thomas J. Greene | No damage. |
| Frederick Fowles | No damage. |
| Hugh McCallum et al.... | No damage. |

Total amount of damages.....\$8,061 75

The jury further find that no properties are specially benefited by the opening of said street and that all of the damages awarded should be paid by the City of Philadelphia.

All of which is respectfully submitted.

(Filed July 1, 1901.)

To the Honorable the Judges of the said Court:

The undersigned viewers appointed by your Honorable Court to assess the damages and benefits, if any, caused by the widening of Gatzmer street, on the north side thereof, in front of premises owned by Thomas Roberts, being Nos. 101, 103 and 105 Gatzmer street, in the Fifth Ward of the City of Philadelphia, respectfully report:

They were sworn or affirmed by one of their number, on their *voir dire*, and examined touching their capacity to act as road jurors or viewers in this proceeding. Each of them was found to be disinterested, competent, and in all respects duly qualified to serve, and the viewers then organized by electing Charles R. Gentner, foreman, and W. W. Frazier, secretary. The viewers were then severally sworn or affirmed by one of their number to perform their duties as road jurors or viewers in the above proceeding

faithfully, justly and impartially and according to their best judgment and ability. At this meeting the petition was read and official plan produced which is filed herewith. The viewers adjourned to meet on the premises affected on Monday, June 3, 1901, at 11 o'clock A. M. to view the same. All of the jurors were then present.

Maurer, Esq., Assistant City Solicitor, on behalf of the City of Philadelphia. The jury also met for review, consultation and signing this report on June 18, 19 and 20, 1901.

That in conformity with the Act of Assembly of April 21, 1855 (P. L. 265), the petitioner's property receded to the new north line of Gatzmer street on October 9, 1900, said Gatzmer street prior thereto being only 14 feet wide was by said recession widened 3 feet 4 inches on its north side.

And now, after a careful consideration of all the testimony and view and re-view of the premises, and consideration of the lines and grades to which said Gatzmer street has been widened at Nos. 101, 103 and 105 Gatzmer street, and considering as well the advantages and disadvantages to the petitioner's property by reason of said widening, the jury find that said claimant, Thomas Roberts, has suffered injury to said property to the extent of four hundred and thirty-five (435) dollars, which sum is hereby awarded as damages to said Thomas Roberts.

No property in the neighborhood being specially benefited, the viewers report that the whole sum of four hundred and thirty-five (435) dollars awarded to Thomas Roberts as damages should be paid by the City of Philadelphia.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades to which the said Ionic street has been widened at No. 104 Ionic

street, and considering as well the advantages and disadvantages to the property of the petitioner by reason of said widening, the jury finds that said claimant, Thomas Roberts, has suffered injury to said property to the extent of nine hundred (900) dollars, and the jury award him said sum as damages.

The viewers have also considered the question of benefits and are of opinion that no property in the vicinity is specially benefited by the said widening, and report that the whole of said sum of nine hundred (900) dollars awarded to Thomas Roberts as damages, should be paid by the City of Philadelphia.

REPORT OF JURY.

(Filed July 15, 1901.)

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of said street, respectfully report:

That after due notice the jurors met at Room 381, City Hall, on June 3, 1901, for organization. All of the jurors were present at this meeting. That at this meeting, to wit, June 3, 1901, the jury organized by electing Charles Brown, foreman; after which the petition was read to the jury, and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered property owners and tenants was also filed with the jury, and is now a matter of record.

That at this meeting, to wit, June 3, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening to its full width of Fifty-second street, from Baltimore avenue to Whitby avenue, impartially and according to their best judgment.

That the jury then adjourned to June 4, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That at this meeting and at subsequent meetings the following counsel were present representing property owners and tenants along the line of the said street: Samuel F. Clevenger, Esq., for Philadelphia Baptist City Mission, Sarah Ann Lindsay and Peter Lindsay, Messrs. Frazier & Frazier for James J. Matley and Robert Wilde; George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia. There were no other claims for damages.

That the jurors subsequently met for the purposes of their appointment, to wit, hearing testimony, reviewing

and arguments of counsel on the following days: June 7, 10, 14, 17, 19, 21, 24, 25, 26, 28; July 1, 1901; for consultation they met on July 3, 1901.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and re-view of the lines and grades at which said street is to be opened or widened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening or widening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their respective names:

| | |
|---------------------------------------|------------|
| To Philadelphia Baptist City Mission. | \$8,237 00 |
| To Peter Lindsay | 65 00 |
| To Sarah Ann Lindsay | 765 00 |
| To Robert Wilde | 440 00 |

REPORT OF JURY.

(Filed July 16, 1901.)

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of the said street, respectfully report:

That after due notice the jurors met at Room 381, City Hall, on May 2, 1901, for organization. All of the jurors were present at this meeting. That at this meeting, to wit, May 2, 1901, the jury organized by electing J. Fred List, foreman; after which the petition was read to the jury and the official plan produced for the use of said jury, which said plan is filed with this report. The affidavit of service of notice on the registered property owners and tenants was also filed with the jury, and is now a matter of record.

That at this meeting, to wit, May 2, 1901, and before organization, the jurors were severally sworn or affirmed by one of their number upon their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Jasper street, from Ontario street to Venango street, impartially, and according to their best judgment.

That the jury then adjourned to May 4, 1901, for the purpose of making a view of the premises. All of the jurors were present at said view.

That on June 13, 1901, William Thornton was appointed in the place and stead of R. Meade Bache, who after serving three meetings resigned from the jury. The said William Thornton was duly sworn and qualified by one of the jurors.

That at the meeting held on May 2, 1901, and at subsequent meetings the jury was attended by the following counsel representing property owners and tenants along the line of the said street: Elias H. White, Esq., for Louis Kirk. E. T. Mockridge and Samuel C. Bunting; Messrs. Page & Page for Gertrude C. Mohr, devisee; D. C. Donoghue, Esq., for Mary Vetter and Joseph A. McGuckin; Samuel F. Clevenger, Esq., for Arthur Jones et al., and Thomas R. Patton; Henry P. Brown, Esq., for John Moffly; Frederick L. Breitingner, Esq., for himself and for J. Frederick Dieterich; Joseph S. Goodbread, Esq., for Annie Murney; Samuel G. Cooper, Esq., for The Commonwealth Title, Insurance and Trust Company. No one appeared for lots marked "Not registered" in bed of Jasper street, between Tioga street and Schiller street, and between Venango street and Atlantic street, and for lot in name of "Thomas B. Smith," corner of Ontario street and Jasper street. All of the other property owners were represented by counsel. The three lots unrepresented were nevertheless fully considered by the jury as affected by the opening of the said street. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That the jurors subsequently met for the purposes of their appointment, to wit, hearing testimony, reviewing, and arguments of counsel on the following days: May 7, 9, 14, 16, 21, 28; June 4, 6, 11, 13, 18, 20, 25, 27, 28; July 1, 2, 3 and 5, 1901; for consultation they met on July 8, 9, 10, 11 and 12, 1901.

In considering the claim of Louis Kirk the jury awarded damages for that portion of the lot fronting on Jasper street 100 feet west of Venango street with a front of 100 feet by 100 feet in depth. The remaining portion of the lot was considered by the jury in reopening and change of grade of Venango street.

The property of Zophar C. Howell was fully considered by the juries of view appointed to assess damages for the opening and change of grade of Venango street and Atlantic street.

The property of Mary Vetter was also fully considered in the matter of the change of grade of Atlantic street.

The property of The Commonwealth Title, Insurance and Trust Company was also fully considered in the matter of the opening and change of grade of Ontario street.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their respective names:
